

MEMBERSHIP RENEWAL 2023

Dear Member

This is a reminder that your membership fees for 2023 are now due. Please use the attached form with your payment. You may pay by cheque or bank transfer. If you choose to pay by bank transfer, please return this form by post or email. We need to maintain our efforts to encourage the Government to act on our list of priority projects. Our chances of success will depend on the strength of our Society and the hard work we do in education, rehabilitation, submissions and lobbying. There is so much still to be done on issues like the Roe Highway, Ramsar nominations, wetland conservation policies and groundwater management. We must retain and extend our membership to address the challenges that face us in these difficult times. We would greatly appreciate your continuing support for the Wetlands Conservation Society. Our membership fees remain unchanged and are very low in comparison to most other groups. Donations to the Wetlands Trust Fund are always welcome and they are tax deductible too. The funds from this Trust will be used to support our landcare and wetland education work through the Wetlands Centre.

Philip Jennings
President
